

Child Safety Policy

Guest satisfaction, including the safety of our guest's children, is of supreme importance to us here at Paul Mitchell the School Austin.

We understand that our guest's busy schedules as parents mean that it isn't always easy to fit in a visit to the Salon or Spa. Unfortunately, we are unable to provide child care services. As a courtesy to all of our guests, our policy prohibits unsupervised children in our Clinic Classroom area.

Guests are solely liable for the safety and status of their children. While receiving a service, a guest must provide their own supervision for their children in the form of an additional parent or caretaker. Only guests that are receiving a service may enter the Clinic Classroom area. Strollers or any form of baby carrier are not permitted on the Clinic Classroom floor. Children may not be held by a guest or a Future Professional while receiving a service.

Guests over the age of 14 are welcome to wait in the Take Home area unsupervised by their parent, however the parent remains responsible for the safety and well-being of their child.

Guests under the age of 18 who are receiving a service must have a parent or legal guardian present to sign the release of liability waiver on their behalf.

Guests under the age of 14 must have an adult parent or caretaker present with them at all times while in this facility. If only one caregiver is present, the child and caregiver may not receive services at the same time.

Our Clinic Classroom is an area where hot styling tools, sharp objects, strong chemicals, and a fast paced environment can be hazardous for children. We have created this policy for the protection of our guest's, their children, and to ensure an amazing experience for everyone in our school.

Effective as of March 1st, 2017
