SAFETY PRECAUTIONS FOR THE BEAUTY INDUSTRY

By following safety precautions you contribute to the health, welfare, and safety of the community. Always have good hygiene and be professionally dressed. Keep a first aid kit on hand, follow safety regulations, and keep equipment properly sanitized. The following precautions should always be taken with each client:

- 1 Protect clients' clothing by appropriately draping them.
- 2 Ask clients to remove any jewelry, hair accessories, glasses, etc.
- 3 Keep any and all chemicals away from the eyes. In case of eye contact with chemicals, thoroughly rinse eyes with cold water.
- 4 Wear gloves when dealing with chemicals.
- 5 Remember that anything containing chemically active ingredients must be used carefully to avoid injury to you and your client.

SAFETY AND HEALTH CONSIDERATIONS

A hair stylist, barber, or esthetician must possess hand-to-eye coordination and leg mobility in order to move about while performing services. Clients are shampooed by their stylist at the shampoo bowl, then moved and seated in an adjustable hydraulic styling chair. The stylist moves around the client as the service is performed. Persons unable to stand for long periods of time, or having limited mobility would have difficulty using regular shampoo bowls and hydraulic chairs. Manicuring and the application of artificial nails do not require standing or mobility. Clients are seated for the entire manicure or artificial nail application. Facial Technology (Skin Care) does not require a great deal of physical mobility, however; hand and finger strength is required for the massage portion of a facial skin service. Facial clients generally recline on an adjustable facial chair with the skin technologist seated at the client's head. Makeup, cosmetic applications, and brow shaping are performed while the client is seated and the cosmetology professional is in a standing position.

Hazardous Chemicals — On a daily basis, students and cosmetology professionals handle and store hazardous chemical solutions and products, which could burn the skin and scalp, damage hair, or produce dangerous fumes if not properly used, mixed, and stored. If a student is, or becomes pregnant at the time of enrollment, or while attending training the school will require a written release from a student's physician before a student is allowed to begin or continue their cosmetology training. (*This policy is intended to protect both the student and student's unborn child.*)

Allergic Reactions — The products, chemicals, and solutions routinely used by students and cosmetology professionals may cause allergic reactions. Students are instructed to follow all manufacturers' instructions to wear disposable gloves, and to protect their clothing by wearing their lab coats during ALL chemical operations. Should any type of allergic reaction occur, a student is required to immediately notify a staff member.

Feet and Legs — In order to work in the cosmetology profession, all students and cosmetology professionals must have the use of their feet and legs. In the future work environment, a cosmetology professional is expected to stand for long hours, while performing services. In order to protect from any type of "career-ending" injury or permanent damage to feet and legs, students are advised to wear closed-toed shoes with socks, with non-skid soles, that have a reasonable heel height. Students and cosmetology professionals work on concrete or linoleum floors, and on a daily basis they lift volume containers of shampoos and other products off shelves. In order to support the feet and legs, and protect them from falls, slipping, or other injuries students must wear appropriate footwear.

Skin and Clothing — Students and cosmetology professionals handle products and chemical disinfectants that can burn skin, enter the body, and damage clothing. To protect, prevent, and minimize the damage that can be caused by chemical spills, splashes, and to promote general cleanliness, students are required to wear protective lab jackets and to protect clients with protective aprons.

Physical Contact — Students and cosmetology professionals maintain close body contact with clients. During the performance of a service skin and hair cells pass from the client to the student. A student may encounter a parasite or a contagious disease. A student may be exposed to human blood, or other bodily fluids. Students are instructed to wear disposable gloves and their lab coats with the public, and to follow all safety procedures to ensure that a disease or parasite cannot infect the student or additional persons.

Electrical Appliances — Electrical appliances such as blow dryers and curling irons are used near sink and water areas. These appliances must be properly cared for and maintained so that an electrical shock is not produced. Students are not allowed to use any appliance with a frayed or "taped" cord. All electrical appliances must be plugged into grounded outlets. Electrical cords cannot be stretched across aisle.

ENFORCEMENT OF PUBLIC HEALTH LAWS

The state of Oregon has the reasonable expectation that all trained and licensed cosmetology professionals will be knowledgeable of all public health laws applicable to the profession and that licensed cosmetology professionals will practice and enforce these standards.

Paul Mitchell The School Portland has the reasonable expectation that all students will dutifully and earnestly apply themselves to learning the health laws of Oregon and on a daily basis will practice and demonstrate their knowledge of these rules and accept their professional vanguards and enforcers of public health laws. Employees are expected to demonstrate and apply these standards and laws at all times.

Oregon Department of Health, Board of Barbers, and Hairdresser Website — Although each student receives copies of the current health and safety rules published by the Oregon Department of Health directly from the school, this institution encourages students to access the Department's website at:

<http://www.oregon.gov/OHLA/COS/index.shtml>

Or by entering: "Oregon Health Cosmetology" into your browser once the website is reached, simply click on "Laws and Regulations." Students will find this website is a valuable professional resource which provides updates to laws and rules affecting cosmetology, and information regarding forms, license fees, license testing, and additional information for students and professionals.

INSTRUCTOR AND STAFF CONTACT WITH STUDENTS

In order to provide a high level of professional and impartial service to our students, staff and faculty members are not allowed to have personal contact, friendships, socialize, e-mail correspondence, or any other sort of relationship, beyond the instructor-student relationship with any student during the entire period of the student's enrollment. A staff or faculty member's contact with an enrolled student is limited to; contact during the scheduled training day, and reasonable contact when supervising students at shows or off site trainings.

Due to very real liability concerns, staff and faculty members are not allowed to travel in the same vehicle with students, whether to train or to a show or continuing education class. Additionally, Staff and faculty members are not allowed to:

- ▶ Visit a student's home or residence nor, to have any type of contact outside of the school that a reasonable person could determine was of any type of personal nature.
- ▶ Invite students to their home or personal living area.
- ▶ Ride in a student's vehicle or to have students in their vehicle.
- ▶ Attend or participate in parties, functions, or any other type of activity not related to the business of this school with a student or a group of students
- ▶ Take a cigarette, lunch, or any other type of break with a student, or a group of students.
- ▶ To otherwise "hang-out" with students while involved in activities not related to the business of this school.
- ▶ Staff or faculty members are not allowed to date or become romantically or sexually involved with a student. This school considers any relationship of this nature to be predatory.

In the instance of a pre-existing relationship the school will review the relationship and any potential for infringement of professional standards on a case-by-case basis; however, in the instance of a pre-existing relationship the staff member is not allowed to grade tests, post text scores, determine satisfactory progress, or to disburse student assistance to a student with whom a pre-existing relationship exists. All students have the right to be treated in a professional manner. Staff and faculty fraternization with students severely compromises this value.

This policy is published and provided to all students so that a student does not misinterpret the professional distance that this school insists its employees provide to all students.

FEDERAL RETURN OF TITLE IV FUNDS POLICY

The school participates in federal financial aid. The 500 hour esthetics program are not eligible for Title IV funds. Please refer to the following refund policy for specific consumer information pursuant to the federal financial aid program.

The Federal Return of Title IV funds formula (R2T4) dictates the amount of Federal Title IV aid that must be returned to the federal government by the school and/or the student. The federal formula is applicable to an eligible student receiving federal aid when that student withdraws at any point during the payment period. If a student did not start or begin attendance at the school, the R2T4 formula does not apply.

Official Withdrawal Process: If a student wishes to withdraw from school, they must notify the Financial Aid Leader of the school. The notification may be in writing or orally. The date the notification is received is the date of determination. The Financial Aid Leader must begin the withdrawal process.

Unofficial Withdrawal Process: For unofficial withdrawals a student's withdrawal date at a school that is required to take attendance is their last day of physical attendance. The date of determination is 14 days after they cease attendance.

In both cases the last day of attendance will be used in the return to Title IV calculation.

The federal formula requires a Return of Title IV calculation if the student received or could have received (based on eligibility criteria) federal financial assistance in the form of Pell Grants, and Direct Loans or Direct PLUS Loans during the payment period. The percentage of Title IV aid earned is equal to the percentage of the payment period that was completed as of the withdrawal date if this occurs on or before the 60% point of time. After the 60% point of the payment period (or period of enrollment depending on what the school uses) the student is considered to have earned 100% of the aid for the period. The percentage that has not been earned is calculated by subtracting the percentage of Title IV aid earned from 100%.

The percentage of the payment period completed is calculated by the hours scheduled in the payment period as of the withdrawal date divided by the scheduled hours in the payment period.

The amount to be returned is calculated by subtracting the amount of Title IV assistance earned from the amount of Title IV aid that was or could have been disbursed as of the withdrawal date.

Post Withdrawal Disbursement: If a student receives less Title IV funds than the amount earned, the school will offer the student a disbursement of the earned aid that was not received at the time of their withdrawal which is called a post-withdrawal disbursement. Post-withdrawal disbursements will be made from Pell Grant funds first, if the student is eligible. If there are current educational costs still due the school at the time of withdrawal, a Pell Grant post-withdrawal disbursement will be credited to the student's account. Any remaining Pell funds must be released to the student without the student having to take any action. Any federal loan program funds due in a post-withdrawal disbursement must be offered to the student and the school must receive the student's authorization before crediting their account. The authorization is required to be sent to the student within 30 days of the date the school determined the student's last date of attendance.

Credit Balance: If a credit balance still exists on the student's account after the R2T4 and institutional refund calculations are done, that credit balance must be used to pay any grant overpayment that exists based on the current withdrawal within 14 days from the date that the R2T4 calculation was performed. The overpayment must be eliminated prior to offering a credit balance to a student.

The following Title IV return distribution is used for all FSA students.

- ① Unsubsidized Direct Loan
- ② Subsidized Direct Loan
- ③ Direct PLUS Loan (Parent)
- ④ Federal Pell Grant

Returns must be made as soon as possible to the federal programs but no later than 45 days after the date of determination. (unless the school uses less days based on a state, accrediting agency or institutional requirement)

The law requires that a student is responsible for all unearned Title IV program assistance that the school is not required to return. This is determined by subtracting the amount returned by the school from the total amount of unearned Title IV funds to be returned.

Overpayment of Title IV, HEA Funds — Any amount of unearned grant funds that you must return is called overpayment. The amount of grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. A student who owes an overpayment remains eligible for Title IV, HEA program funds through and beyond the earlier of 45 days from the date the school sends a notification to the student of overpayment, or 45 days from the date the school was required to notify the student of the overpayment if, during those 45 days the student:

- ❶ Repays the overpayment in full to the school;
- ❷ Enters into a repayment agreement with the school in accordance with repayment arrangements satisfactory to the school; or
- ❸ Signs a repayment agreement with the Department, which will include terms that permit a student to repay the overpayment while maintain his or her eligibility for Title IV, HEA program funds.

Within 30 days of the date of the school's determination that the student withdrew, an institution must send a notice to any student who owes a Title IV, HEA grant overpayment as a result of the student's withdrawal from the school in order to recover the overpayment.

If the student does not repay the overpayment in full to the school, or enter a repayment agreement with the school or the Department within the earlier of 45 days from the date the school sends notification to the student of overpayment, or 45 days from the date the school was required to notify the student of the overpayment.

At any time the student fails to meet the terms of the repayment agreement with the school:

- ❶ The student chooses to enter into a repayment agreement with the Department.
- ❷ The student who owes an overpayment is ineligible for Title IV HEA program funds.

You must make arrangement with the school or Department of Education to return the amount of unearned grant funds.

TREATMENT OF TITLE IV FUNDS WHEN A STUDENT WITHDRAWS FROM A CLOCK-HOUR PROGRAM

Treatment of Title IV Funds When a Student Withdraws From a Clock-Hour Program

Student's Name: Social Security #:
 Date of school's determination that student withdrew:
 Period used for calculation (check one): 1st Payment Period Period of Enrollment

Monetary amounts should be in dollars and cents (rounded to the nearest penny)
 When calculating percentages, round to three decimal places. (for example, $.4486 = .449 = 44.9\%$)

STEP 2: Percentage of Title IV Aid Earned

Last Day Attended:

H. Determine the percentage of the period completed:
 Divide the clock hours scheduled to have been completed as of the last day of attendance in the period by the total clock hours in the period.

/ =
Hours scheduled to complete / Total hour in period

► If this percentage is greater than 60%, enter 100% in Box H and proceed to Step 3.
 ► If this percentage is less than or equal to 60%, enter that percentage in Box H and proceed to Step 3.

H.

STEP 3: Amount of Title IV Aid Earned by the Student

Multiply the percentage of Title IV aid earned (Box H) by the Total Title IV aid disbursed and that could have been disbursed for the period (Box G).

x =
Box H / Box G / Box I

STEP 4: Title IV Aid to be Disbursed or Returned

► If the amount in Box I is greater than the amount in Box E, go to Post-withdrawal disbursement (Item J).
 ► If the amount in Box I is less than the amount in Box E, go to Title IV aid to be returned (Item K).
 ► If the amounts in Box I and Box E are equal, **STOP**. No further action is necessary.

J. Post-withdrawal disbursement
 From the amount of Title IV aid earned by the student (Box I) subtract the Total Title IV aid disbursed for the period (Box E). This is the amount of the post-withdrawal disbursement.

- =
Box I / Box E / Box J

K. Title IV aid to be returned
 From the Total Title IV aid disbursed for the period (Box E) subtract the Amount of Title IV aid earned by the student (Box I). This is the amount of Title IV aid that must be returned.

- =
Box E / Box I / Box K

STEP 5: Amount of Unearned Title IV Aid Due from the School

| | | |
|---|---------|--------------------|
| L. Institutional Charges for the Period. | Tuition | 4,500.00 |
| | Room | |
| | Board | |
| | Other | |
| | Other | |
| Total Institutional Charges (Add all the charges together) | | L. 4,500.00 |

M. Percentage of unearned Title IV aid
 $\frac{100.0\%}{\text{Box H}} - \frac{100.0\%}{\text{Box H}} = \frac{0.0\%}{\text{Box M}}$

N. Amount of unearned charges
 Multiply institutional charges for the period (Box L) by the Percentage of unearned Title IV aid (Box M).
 $\frac{4,500.00}{\text{Box L}} \times \frac{0.0\%}{\text{Box M}} = \frac{0.00}{\text{Box N}}$

O. Amount of for school to return
 Compare the amount of Title IV aid to be returned (Box K) to Amount of unearned charges (Box N), and enter the lesser amount.
O. 0.00

STEP 6: Return of Funds by the School

The school must return the unearned aid for which the school is responsible (Box O) by repaying funds to the following sources, in order, up to the total net amount disbursed for each source.

| Title IV Programs | Amount for School to Return |
|--|-----------------------------|
| 1. Unsubsidized FDLP / FFELP | 0.00 |
| 2. Subsidized FDLP / FFELP | 0.00 |
| 3. Perkins Loan | 0.00 |
| 4. PLUS FDLP / FFELP (Grad Student) | 0.00 |
| 5. PLUS FDLP / FFELP (Parent) | 0.00 |
| Total loans the school must return = P. | 0.00 |
| 6. Pell Grant | 0.00 |
| 7. Academic Competitiveness Grant | 0.00 |
| 8. National SMART Grant | 0.00 |
| 9. FSEOG | 0.00 |
| 10. TEACH Grant | 0.00 |

STEP 7: Initial Amount of Unearned Title IV Aid Due from the Student

From the amount of Title IV aid to be returned (Box K) subtract the Amount for the school to return (Box O).

$\frac{0.00}{\text{Box K}} - \frac{0.00}{\text{Box O}} = \frac{0.00}{\text{Box Q}}$

► If Box Q is < or = zero, **STOP**. If > zero, go to Step 8.

STEP 8: Repayment of the Student's loans

From the Net loans disbursed to the student (Box B) subtract the Total loans the school must return (Box P) to find the amount of Title IV loans the student is still responsible for repaying (Box R).

These outstanding loans consist either of loan funds that student has earned, or unearned loan funds that the school is not responsible for repaying, or both; and they are repaid to the loan holders according to the terms of the borrower's promissory note.

$\frac{6,727.00}{\text{Box B}} - \frac{0.00}{\text{Box P}} = \frac{6,727.00}{\text{Box R}}$

- If Box Q is less than or equal to Box R, **STOP**. The only action a school must take is to notify the holders of the loans of the student's withdrawal date.
- If Box Q is greater than Box R, Proceed to Step 9.

STEP 9: Grant Funds to be Returned

S. Initial amount of Title IV grants for student to return
 From the initial amount of unearned Title IV aid due from the student (Box Q) subtract the amount of loans to be repaid by the student (Box R).

$\frac{0.00}{\text{Box Q}} - \frac{6,727.00}{\text{Box R}} = \frac{0.00}{\text{Box S}}$

T. Amount of Title IV grant protection
 Multiply the total of Title IV grant aid that was disbursed and that could have been disbursed for the period (Box F) by 50%.

$\frac{2,775.00}{\text{Box F}} - \frac{50.00\%}{\text{Box F}} = \frac{0.00}{\text{Box T}}$

U. Title IV grant
 From the initial amount of unearned Title IV aid due from the student (Box S) subtract the amount of loans to be repaid by the student (Box T).

$\frac{0.00}{\text{Box S}} - \frac{0.00}{\text{Box T}} = \frac{0.00}{\text{Box U}}$

- If Box U is less than or equal to zero, **STOP**. If not, go to step 10.

STEP 10: Return of Grants Funds by the Student

Except as noted below, the student must return the unearned grant funds for which he/she is responsible (Box U). The grant funds returned by the student are applied to the following sources in the order indicated, up to the total amount disbursed from that grant program minus any grant funds that school is responsible for returning to that program in Step 6.

Note that the student is not responsible for returning funds to any program to which the student owes \$50.00 or less.

| Title IV Grant Programs: | Amount to Return |
|-----------------------------------|------------------|
| 1. Pell Grant | 0.00 |
| 2. Academic Competitiveness Grant | |
| 3. National SMART Grant | |
| 4. FSEOG | |
| 5. TEACH Grant | |

- ③ When situations of mitigating circumstances are in evidence, such as serious illness, a disabling accident, or death in the immediate family, the school may make a settlement that is reasonable and fair to both parties.
- ④ All extra costs, such as books, equipment, graduation fees, application fee, registration fee, rentals, and other such charges, are not considered in the tuition adjustment computation if the charges are itemized separately in the enrollment contract. Monies paid for supplies and equipment are nonrefundable after five (5) days of signing the enrollment contract.
- ⑤ If a course is cancelled subsequent to a student's enrollment, and before instruction in the course has begun, the school shall either provide a full refund of all monies paid or provide completion of the course.
- ⑥ If a course and/or program is cancelled and ceases to offer instruction after the student has enrolled and instruction has begun, the school shall either provide a full refund of all monies paid or provide completion of the course and/or program.
- ⑦ A student's account may be sent to collections for nonpayment.

- ⑧ A school shall be considered in default of the enrollment agreement when a course or program is discontinued or canceled or the school closes prior to completion of contracted services. When a school is in default, student tuition may be refunded by the school on a pro rata basis. The pro rata refund shall be allowed only if the Superintendent determines that the school has made provision for students enrolled at the time of default to complete a comparable program at another institution. The provision for program completion shall be at no additional cost to the student in excess of the original contract with the defaulting school. If the school does not make such provision, a refund of all tuition and fees shall be made by the school to the students.

Refund is based upon scheduled hours until the students last day of recorded attendance. If a student withdraws prior to completion of 50% of the contracted program, the student shall be entitled to a proration of the tuition charged and paid for such instructional program, less enrollment and termination fees, supply fees, and any other legitimate charges owed.

If a student withdraws upon the completion of 50% or more, of their scheduled contracted instructional program, the student shall be obligated for the cost of the entire instructional program, and shall not be considered entitled to a refund.

In calculating a pro-rata refund, for schools measuring the period of enrollment in clock hours; the amount the student will be charged is determined by dividing the total clock hours into the number of hours accrued according to the published class schedule as of the last recorded day of attendance by the student.

The **“Published Class Schedule”** (for the purpose of calculating tuition charges) means the period of time between the commencement of classes and the student’s last date of attendance as offered by the school and scheduled by the student, provided the student had maintained 100% attendance.

The following refund table distribution is used for all students due a refund. Upon withdrawal, drop or termination, a student may owe tuition or be entitled to a refund based on his/her scheduled hours:

| Percentage Length Scheduled to Complete to Total Length of Program or Course | Amount of Total Tuition Owed to the School |
|--|--|
| 0.01% and under 50% | Actual Percentage |
| 50% and over | 100% of Institutional Charges |

Credit for Kits, Equipment, and Textbooks when a Student Withdraws: This policy applies only in the instance that a student has purchased their kit and textbooks directly from the school. If a student retains their kit and textbooks at the time of their withdrawal these items will not be considered for credit to the students account:

- ① Any item that has not yet been received by the student will be automatically credited to the students account.
- ② The school reserves the right to determine the Health and Sanitary conditions of all items returned for account credit.
- ③ Textbooks are not returnable once a student has written inside.

The school reserves the right to refuse return of kit and textbooks, if the following conditions apply:

- ① More than 20 days have elapsed since the student’s last recorded day of attendance
- ② Equipment or kit items have been exposed to human blood
- ③ Product seals are broken, items are damaged, or equipment does not operate
- ④ The item or equipment is in a sort of condition which it could be safely utilized by the school
- ⑤ Completing and graduated students are not allowed to return their kit, equipment, or textbooks for account credit.

STUDENT FINANCIAL AID RELEASE

The undersigned agrees that Paul Mitchell The School Portland does not guarantee the student loan process in any respect. A Federal Parent Plus loan requires a credit check and is based on the parent's credit. Pre-approval for a Parent Plus loan does not guarantee that the parent will receive a Federal Parent Plus loan. It is critical that the parent be able to pass a credit check when the loan is certified. The school has no control over the approval or decline of a parent's credit history. Nor does the school assume any responsibility for mistakes on any Department of Education financial aid forms. It is up to the student to make sure all forms are accurate and complete.

Federal loan information is available in the National Student Loan Database System (NSLDS) and will be accessible by Servicers and Schools, as authorized.

POLICY FOR VERIFICATION OF TITLE IV FUNDING

The school has policies and procedures that it follows for verification of Title IV funding. Verification is a requirement by the U.S. Department of Education. Students are randomly selected to provide additional information. The school provides students with a verification form so they can collect the necessary information. The school gives the student a 30-day deadline to return the form to the financial office with verification items attached. If verification documents are not submitted by the due date, the student will be placed on a monthly cash pay status until verification is completed. The corporate office sends to the school a change in EFC form for students to sign if their EFC changes. FAME handles our student overpayments and alerts the school so it can make changes to the award packet, which is reported to Common Origination and Disbursement (COD) for the Department of Education.

ELIGIBILITY OF FINANCIAL AID AFTER A DRUG CONVICTION

Students will be given written notice advising them that a conviction of illegal drugs, of any offense, during an enrollment period for which the student was receiving Title IV financial aid will result in the loss of eligibility for any Title IV per HEA Sec. 484(r)(1) and 20 U.S.C. 1091(r)(1). Students whose eligibility has been suspended due to a drug conviction may resume eligibility if they successfully pass two (2) unannounced drug tests conducted by a drug rehabilitation program that complies with criteria established under HEA Sec. 484(r)(2) (20 U.S.C. 1091(r)(2)).

CREDIT BALANCE POLICY

If Title IV disbursements result in a credit balance on the student's account, the Financial Aid office will notify the student. The student has the option to have the school hold the credit balance and can complete an authorization for the school to hold the funds by obtaining an authorization form from the Financial Aid Department. If the student does not want the school to hold their funds, all credit balance disbursements and refunds due to funding source will be processed within 14 days of the credit balance appearing on the student account. Regardless of the chosen option the school will clear all credit balances on a student account by the end of the award year.

SPECIAL PROVISIONS FOR BOOKS AND SUPPLIES

In order to academically succeed in a program, a Federal Pell Grant student must have the ability to purchase books and supplies at the beginning of the academic period. By the seventh day of a payment period, the school will provide a way for a student who is eligible for a Federal Pell Grant to obtain or purchase the books and supplies required for the payment period if:

- ① ten days before the beginning of the payment period, the school could have disbursed FSA funds to the student; and
- ② disbursement of those funds would have created an FSA credit balance.

The school will consider all the FSA funds a student is eligible to receive at the time it makes the determination, but the school need not consider aid from non-FSA sources.

The amount the school must provide is the lesser of the presumed credit balance or the amount determined by the school that the student needs to obtain the books and supplies. In determining the required amount, the school may use the actual costs of books and supplies or the allowance for those materials used in estimating the student's cost of attendance for the period. A student may decline to participate in this process to obtain or purchase books and supplies, if they so choose.

PREFERRED LENDER LIST AND PRIVATE EDUCATION LOAN DISCLOSURES

Our school does not have a list of preferred lenders and we do not offer private education loans.

MAKEUP WORK

Students must complete all required assignments and tests. To accommodate students, makeup test days and worksheet periods are scheduled. Students must complete makeup work at the scheduled time. Monthly makeup test dates are posted on the theory and school calendars.

SATISFACTORY ACADEMIC PROGRESS POLICY

Students enrolled in programs approved by NACCAS must meet formal standards that measure their satisfactory academic progress toward graduation. The Satisfactory Academic Progress policy is provided to all students prior to enrollment. The policy is consistently applied to all enrolled students. A leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence. *Satisfactory Academic Progress Evaluations are maintained in the student file.*

QUANTITATIVE AND QUALITATIVE FACTORS

Factors for measuring the student's progress toward satisfactory completion of the program include maintaining:

- 1 A minimum cumulative theory grade level of 75% or higher.
- 2 A minimum cumulative academic level of 75% or higher on practical worksheet completion.*
- 3 To determine whether a student meets the academic requirements for Satisfactory progress, theory and practical grades are weighed together at 33.33% to give a cumulative academic grade of 75% or higher.
- 4 A minimum cumulative attendance of 75% of their scheduled hours**

**To meet the state practical requirements for graduation, students must eventually complete monthly practical worksheets 100%. See LEARNING PARTICIPATION GUIDELINES.*

***To determine your rate of attendance, divide the cumulative number of hours completed by the scheduled hours to date.*

A student who has not achieved the minimum cumulative GPA of 75% and/or who has not successfully completed at least a cumulative rate of attendance of 75% is not eligible for Title IV assistance, if applicable, unless the student is on warning or has prevailed upon appeal of the determination that resulted in a status of Financial Aid Probation.

The maximum time frame allowed for transfer students who need less than full course requirements or part-time students will be determined based on 75% of the scheduled contracted hours. If any student enrolled fails to complete the program within the maximum time frame they will lose their eligibility for Title IV programs, if applicable, but they will be able to complete the program on a cash pay basis. Whether a student pays out of pocket or receives Title IV Financial aid all hours attempted and completes are considered part of the Satisfactory Academic Progress calculation. For students with a disability that appeal, the student's disability will be considered as a factor towards maintaining Satisfactory Academic Progress.

Paul Mitchell The School Portland is open for operations 40 hours each calendar week. In general terms, no student is scheduled to be in attendance in excess of 37.5 clock hours per week. Exceptions to the maximum 37.5 clock hours per week schedule are:

- 🕒 A student who is completing institutionally-approved make-up or remedial clock hours, practical requirements or tests to meet Satisfactory Attendance Standards.
- 🕒 A student needing to complete assignments or a client service of that day.

MAJORS, DEGREES, SECOND DEGREE, OR SUMMER TERMS

Majors, degrees, second degrees, or summer terms does not apply to Paul Mitchell The School Portland.

LEAVE OF ABSENCE

A Leave of Absence (LOA) is a temporary interruption in a Student's program of study. LOA refers to the specific time period during an ongoing program when a Student is not in academic attendance. Leaves of Absence can be granted in cases of emergency, medical problems with doctor notification, or personal mitigating circumstances, which the student can document which cause attendance to be impossible or impractical. Leaves of Absence will be granted in the case of pregnancy or new mothers. A leave of absence will be permitted with a letter from the student's doctor. If a student is called into active duty for the military the school will grant a leave of absence. These are the only times leave of absences are granted.

In order to be placed on Leave of Absence, the student must:

- ① Student's must make a written request for a Leave of Absence, utilizing the Leave of Absence Request Form, unless unforeseen circumstances prevent the student from doing so. The Leave of Absence Request Form must be signed and dated .
- ② Must state the reason for the Leave of Absence (LOA) request
- ③ Be approved by the School's Financial Aid Leader.
- ④ Leaves must not exceed a total of 180 days in a 12-month period.

A student on a leave of absence date of withdrawal determination shall be the earlier of the scheduled date of return from the leave of absence or the date the student notifies the school that the student will not be returning. A leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence.

Changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated.

Student's may not arbitrarily decide to "take" a leave of absence.

There will be no additional charges for a LOA. If the student fails to return or contact the School Financial Aid Leader on the documented return date, the Student will be considered to have withdrawn from school as of that date the student began the LOA. The withdrawal date for the purpose of calculating a refund is always the student's last day of attendance.

For federal aid recipients, the student's payment period is suspended during the LOA and no federal financial aid will be disbursed to student while on a Leave of Absence. Upon the student's return, the student will resume the same payment period and coursework and will not be eligible for additional Title IV aid until the payment period has been completed. If the student is a Title IV loan recipient, the student will be informed of the effects that the student's failure to return from a leave may have on the student's loan repayment terms, including the expiration of the student's grace period. A contract addendum will be completed upon return from the LOA to extend the contract end date by the applicable number of days.

In special circumstances, the school may grant a leave of absence to a student in the case of an emergency, such as a car accident or other medical issue that would prevent the student from requesting the leave of absence prior to the incident occurring. In these cases, the school will document the reason for the granting of the leave after the incident has occurred. The beginning date of the leave of absence will be based on the first date it has been determined that the student cannot come to class due to the accident or medical situation.

In order to grant a Leave of Absence there must be the expectation that the student will be returning to school.

A student who is granted a LOA that meets these criteria is not considered to have withdrawn and no refund calculation is required at that time.

INTERRUPTIONS, COURSE INCOMPLETES, AND WITHDRAWALS

If the student needs to take off more time than allotted in the contract or more than 14 consecutive calendar days, he/she must take a leave of absence or withdraw and reenroll when ready to return. If a student needs more than 14 consecutive calendar days of time off due to pregnancy/new mother, and/or military duty then the student should take a leave of absence. Students who withdraw prior to completing the course of study and who wish to reenter will reenter at the same progress status as applicable at the time of withdrawal.

NONCREDIT, REMEDIAL COURSE, AND REPETITIONS

Course incompletes, repetitions, and noncredit remedial courses do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

EVALUATION PROCEDURES AND REQUIRED LEVEL OF ACHIEVEMENT

Formal Satisfactory Progress Evaluations in attendance and academics will occur at the following intervals:

| COURSE | HOURS | EVALUATIONS AT ACTUAL HOURS |
|--|------------|--|
| Barbering | 1350-hour | When students reach 450 and 900 <i>actual hours</i> |
| Esthetics | 500-hours | When students reach 250 <i>actual hours</i> |
| Hair Design | 1700-hour | When students reach 450, 900, and 1300 <i>actual hours</i> |
| Nail Technology | 600-hours | When students reach 300 <i>actual hours</i> |
| Hair Design / Esthetics | 1950-hours | When students reach 450, 900, 1350 and 1800 <i>actual hours</i> |
| Hair Design / Esthetics / Nail Technology | 2300-hours | When students reach 450, 900, 1350, 1800, and 2050 <i>actual hours</i> |
| Hair Design + Nail Technology | 2050-hour | When students reach 450, 900, 1350 and 1800 <i>actual hours</i> |
| Nail Technology + Esthetics | 850-hour | When students reach 425 <i>actual hours</i> |
| Cadet Teacher Training | 1000-hour | When students reach 450 and 900 <i>actual hours</i> |

The first evaluation will occur no later than the midpoint of the academic year. The SAP evaluations are printed within 7 days of the student reaching the evaluation points. An academic year is a period of measurements determined by a school. Paul Mitchell The School Portland defines an academic year as 900 clock hours and 30 weeks of training. The following grading system is used to evaluate a student's academic ability:

- ① Examinations are given in all subjects.
- ② Grades and attendance (Satisfactory Academic Progress) records are reviewed and signed by the student and maintained in the student's financial file. The student may request to review their financial aid file from the Financial Aid Leader or the Director.
- ③ In addition to earning a cumulative GPA of 75% throughout their contracted program, students must earn a GPA of 75% in each course that is part of their barbering program

The following grading scale is used for theory progress:

A = 90 – 100% B = 80 – 89% C = 75 – 79% Failing = Below 75%

The following grading scale is used for practical and laboratory progress:

A = 90 – 100% B = 80 – 89% C = 75 – 79% Failing = Below 75%

Required Core Testing — Prior to being allowed to lawfully perform services to members of the public in the school the student must take and pass both written and practical CORE examination. The time frame for these required Core tests are: Hair Design (approximately 330 clock hours); Barbering (approximately 330 clock hours); Nail Technology (approximately 165 clock hours); and Esthetics (approximately 165 clock hours).

Practical and clinical work is graded by a signature on the student's practical clinic worksheet or guest ticket. A signature from an instructor represents a passing grade which means all elements of the practical grading criteria were met. No signature indicates a failing score which means one or more of the practical grading criteria elements were not met and the student has not met minimum satisfactory standards on the practical application. Students are required to continue and/or repeat the practical application until they receive a signature from an instructor.

Transfer hours accepted by the school are applied to the total number of hours necessary to complete the program and are considered both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. Satisfactory Academic Progress evaluation periods are based on actual contracted hours at the institution.

**The school uses a 900-hour academic year for Title IV purposes.*

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory progress until the next scheduled evaluation.

TRANSFER HOURS

Transfer hours accepted by the school are applied to the total number of hours necessary to complete the program and are considered both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. Satisfactory Academic Progress evaluation periods are based on actual contracted hours at the institution. For transfer students attending less than a full academic year, an evaluation will be done at the midpoint of the actual hours.

WARNING

Students failing to meet minimum requirements for attendance and/or academic progress will be placed on Financial Aid Warning and considered to be making satisfactory academic progress during the warning period which is until the next evaluation period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. During the Financial Aid Warning period, students are eligible, if applicable, to receive financial aid funds. If at the end of the warning period, the student has still not met both academic and/or attendance requirements, he/she may be placed on probation and, if applicable, the student may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet the minimum requirements for attendance and academic progress after the Warning period, the student will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal.

Additionally, only students who have the ability to meet satisfactory academic progress policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period or the institution develops an academic plan for the student that, if followed, will ensure that the student is able to meet the institution's satisfactory academic progress requirements by a specific point within the maximum timeframe established for the individual student. Students who are progressing according to their specific academic plan will be considered making satisfactory academic progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or set forth by the academic plan, the student will be determined as NOT making satisfactory academic progress, and if applicable, the student will not be deemed eligible to receive Title IV funds.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS for those who qualify

Students may re-establish satisfactory academic progress and Title IV funding, as applicable, by meeting the minimum attendance and academic requirements by the end of the warning or probationary period.

APPEAL PROCEDURE

A student may appeal the Financial Aid ineligible decision if he/she has a reason for not making satisfactory progress and if he/she can document that the circumstances that caused the unsatisfactory academic progress determination have in some way changed and that satisfactory academic progress standard can be met by the end of the next evaluation period. A student has five (5) calendar days from the date of notification that they are not meeting the second consecutive satisfactory progress determination to appeal the unsatisfactory academic progress determination. The student must submit a written appeal to the school's financial aid office on the designated schools Appeal Form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve satisfactory academic progress by the next evaluation point.

The reasons for which a student may appeal a negative progress determination include death of a relative, an injury or illness of the student, a student's disability, or any other allowable special or mitigating circumstances.

The Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student's file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

If the appeal is granted the student will be placed on Financial Aid Probation for one evaluation period. If the student has not met academic and/or attendance requirements for two (2) consecutive evaluation periods, for example 450 to 900 actual hours evaluations; and does not prevail on appeal, the student will be determined as not making satisfactory progress and may be terminated.

This policy applies to all students regardless of whether or not they are eligible for Title IV funding programs. In order to comply with USDE requirements the terminology financial aid warning or financial aid probation will be used for both Title IV and non-Title IV students.

TERMINATION APPEAL PROCEDURE

If a student is terminated due to receiving the maximum amount of coaching sessions, or due to the reasons outlined under termination on the Student Advisory Form, the student may appeal the termination decision. A student has five (5) calendar days from the date of termination to appeal the decision. The student must submit a written appeal to the school's Future Professional Advisor on the schools Termination Appeal Form describing why they were terminated, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to continue through the program without incident.

An appeal hearing will take place within 15 business days of receipt of the written appeal. This hearing will be attended by the student, parent/guardian (if the student is a dependent minor), the student's learning leader, the future professional advisor, and the school director. A decision on the student's appeal will be made within three (3) business days by the director of education and will be communicated to the student in writing. This decision will be final.

If a student is terminated for gross misconduct, which includes but is not limited to reporting to school under the influence of alcohol or illegal drugs, cheating, stealing, insubordination, threats, and/or bullying, such termination is final and may not be appealed.

DISCIPLINARY ACTIONS

- ① **Verbal Warning** – Given to a student by a staff member and intended to warn a student that his or her performance or behavior is not acceptable. A note of the verbal warning may be made and placed in the student's permanent record.
- ② **Written Warning** – Given to a student when previous verbal warnings have failed. The student signs and receives a copy of the written warning. A written warning may be included on an advisement report. A copy is retained in the student's permanent record. This type of warning is intended to inform a student of unacceptable performance of behavior or performance problems. The student must sign the official probation notice and receives a copy.
- ③ **Official In-house Probation** – Given to a student when disciplinary action occurs only after all previous verbal and written warnings have failed. Any student placed on probation for failing to comply with the requirements listed on the Student Advisory Form may be placed on probation for a maximum period of five (5) days in which to correct the listed behavior or performance problems. The Probation Notice is reviewed with the student. The reasons for and conditions of the Probation are clearly listed. The student must sign the official probation notice and receives a copy. The original notice is retained as part of the student's permanent record.

A student on probation is expected to attend all scheduled clock hours of training. If the student has made significant advancement towards meeting the school's satisfactory compliance standard(s) and the school management can be reasonably certain that compliance can be achieved with 30 days, the school will extend probation for one 30-day progress period. Failure on the part of the students to meet published standards within this period may result in termination.

- ④ **Notice of Suspension** – Generally this type of disciplinary action is utilized based upon behavioral issues. However, this institution reserves the right to issue a notice of suspension, pending an investigation of the issues presented to the school. A student reviews and signs the notice of suspension with a staff member, and receives a copy. The reason for and terms of suspension are carefully listed on the notice. The original notice of suspension is retained in the student's permanent record. The length of all suspensions is five (5) training days. During the period of suspension the student does not accrue hours or practical operations. Suspended students are not allowed on school property, unless they have the prior consent of a staff member. Failure on the part of the student to resolve the issue related to the notice of suspension will lead to separation from the school.
- ⑤ **Termination** – This disciplinary action occurs when all other mechanisms and warnings have failed. A copy of the Termination notice is delivered to the student. The reasons for termination are clearly listed and an institutional earnings/refund calculation is attached. The notice advises the student they retain the right to appeal their termination.
- ⑥ **Immediate Expulsion** – If a student is terminated for gross misconduct, which includes but is not limited to reporting to school under the influence of alcohol or illegal drugs, cheating, stealing, insubordination, threats, and/or bullying, such termination is final and may not be appealed.
- ⑦ **Appeal Process** – Any Student seeking to appeal an academic, administrative, or disciplinary action by this institution, must do so in writing within 10 business days. The student's written appeal must be delivered to the Administrative office.

STUDENTS RIGHT-TO-KNOW - COMBINED DEPARTMENT OF EDUCATION RATES (IPEDS)

| Graduation |
|------------|
| 79% |

Paul Mitchell The School Portland must prepare the completion and graduation rate of its certificate- or degree-seeking, first-time, full-time undergraduate students each year. The rates will track the outcomes for students for whom 150% of the normal time for completion or graduation has elapsed. Normal time is the amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution's catalog. These rates are generated from the school student record management system.

STUDENT RIGHT OF ACCESS AND RECORD RETENTION POLICY

The Family Educational Rights and Privacy Act (FERPA) sets a limit on the disclosure of personally identifiable information from school records and defines the rights of students to review and request changes to the records. FERPA generally gives postsecondary students the rights to:

- 1 Review their education records,
- 2 Seek to amend inaccurate information in their records, and
- 3 Provide consent for the disclosure of their records.

Students (or parents or guardians, if the student is a dependent minor) are guaranteed access to their school records, with a staff member present, within 30 days from the date of the request. All requests should be made in writing and addressed to Paul Mitchell The School Portland Campus, attention: School Director; 234 S.W. Broadway, Portland, OR 97205; (503) 222-7687; admissions@paulmitchelltheschoolportland.com.

Copies of all records can be requested at \$0.25 per page.

General Release of Information

Except under the special conditions described in this policy, a student must provide written consent before the school may disclose personally identifiable information from the student's education records. The written consent must:

- 1 State the purpose of the disclosure,
- 2 Specify the records that may be disclosed,
- 3 Identify the party or class of parties to whom the disclosure may be made, and
- 4 Be signed and dated.

FERPA Disclosures to Parents

While the rights under FERPA have transferred from a student's parents to the student when the student attends a postsecondary institution, FERPA does permit a school to disclose a student's education records to his or her parents if the student is a dependent student under IRS rules.

Note that the IRS definition of a dependent is quite different from that of a dependent student for Financial Student Aid (FSA) purposes. For IRS purposes, students are dependent if they are listed as dependents on their parent's income tax returns. (If the student is a dependent as defined by the IRS, disclosure may be made to either parent, regardless of which parent claims the student as a dependent.)

A school may disclose information from a student's education records to parents in the case of a health or safety emergency that involves the student, without needing the student's consent. A school may let parents of students under age 21 know when the student has violated any law or policy concerning the use or possession of alcohol or a controlled substance. A school official may share with parents information that is based on that official's personal knowledge or observation and that is not based on information contained in an education record.

Release of Information to Regulatory Agencies

Disclosures may be made to authorized representatives of the U.S. Department of Education for audit, evaluation, and enforcement purposes. "Authorized representatives" include employees of the Department, such as employees of the Office of Federal Student Aid, the Office of Postsecondary Education, the Office for Civil Rights, and the National Center for Education Statistics, as well as firms under contract to the Department to perform certain administrative functions or studies.

In addition, disclosure may be made if it is in connection with financial aid that the student has received or applied for. Such a disclosure may only be made if the student's information is needed to determine the amount of the aid, the conditions for the aid, or the student's eligibility for the aid, or to enforce the terms or conditions of the aid.

Paul Mitchell The School Portland provides and permits access to student and other school records as required for any accreditation process initiated by the school or by the National Accrediting Commission of Career Arts and Sciences (NACCAS), or in response to a directive of said Commission.

Disclosures in Response to Subpoenas or Court Orders

FERPA permits schools to disclose education records, without the student's consent, to comply with a lawfully issued subpoena or court order.

In most cases, the school must make a reasonable effort to notify the student who is the subject of the subpoena or court order before complying, so the student may seek protective action. However, the school does not have to notify the student if the court or issuing agency has prohibited such disclosure.

The school may also disclose information from education records, without the consent or knowledge of the student, to representatives of the U.S. Department of Justice in response to an ex parte order issued in connection with the investigation of crimes of terrorism.

Disclosures for Other Reasons

There are two FERPA provisions concerning the release of records relating to a crime of violence. One concerns the release to the victim of any outcome involving an alleged crime of violence (34 CFR 34 CFR 99.31[a][13]). A separate provision permits a school to disclose to anyone the final results of any disciplinary hearing against an alleged perpetrator of a crime of violence where that student was found in violation of the school's rules or policies with respect to such crime or offense (34 CFR 99.31[a][14]).

Directory Information

Paul Mitchell The School Portland does not publish "directory information" on any student.

Record Maintenance

All requests for releases of information are maintained in the student's file as long as the educational records themselves are kept. Student records are maintained for a minimum of six (6) years for withdrawal students; transcripts of graduates are kept indefinitely. *VA students records will be maintained for a minimum of twenty-five (25) years.*

Amendment to Student Records

Students have the right to seek an amendment to their school records. To seek an amendment, students must meet with the school director and bring any supporting documentation to show that the record is incorrect.

Solomon Act: Federal Law requires the school to release your name and personally identifiable information to the United States military for recruitment purposes. If you would like your name withheld, you must submit a written request to the Registrar's Office.

PERFORMANCE STATISTICS/JOB OUTLOOK

Paul Mitchell The School Portland is accredited by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and recognized by the U.S. Department of Education. Each agency requires schools to provide important information regarding outcome rates in the areas of completion, placement, and licensure; however, each agency requires that we provide outcome rates differently. If you have any questions regarding our outcome rates, please see our Admissions Team for assistance.

Paul Mitchell The School Portland's performance statistics for the calendar year 2016 NACCAS rates:

| Graduation | Licensure | Placement |
|------------|-----------|-----------|
| 61.31% | 100.00% | 66.02% |

NACCAS' 2016 Annual Report is derived from a single cohort of students – those scheduled to graduate in 2016. NACCAS' graduation, placement and licensure definitions are described below:

Graduation: Based on all students scheduled to graduate from the program in 2016. The scheduled graduation date is a student's most recent contract end date (i.e., the contract end date after all leaves of absence, schedule changes and re-enrollments have been accounted for). A student may count as a graduate if they have completed all applicable graduation requirements at the institution.

Licensure: Based on graduates from the graduation cohort who sat for all parts of their required licensure exam prior to November 30, 2017. A student in the licensure cohort may count as a "pass" if they pass all required portions of the examination prior to November 30, 2017.

Placement: Based on graduates from the graduation cohort who are eligible for placement. A student may count as placed if they are employed in a field for which their training prepared them prior to November 30, 2017. Students may be excluded from the calculation if they fall into one of the categories listed. In 2016, the school excluded the following number of students* based on each of the following categories:

- a. The graduate is deceased __0__
 - b. The graduate is permanently disabled _0__
 - c. The graduate is deployed for military service/duty__0__
 - d. The graduate studied under a student visa and is ineligible for employment in the U.S. __0__
 - e. The graduate continued his/her education at an institution under the same ownership (e.g., a graduate of your cosmetology program subsequently enrolled in the instructor program of an institution under the same ownership)_0__
- Total Excluded_0__

*If fewer than ten students were excluded for any one category, the disclosure will only include the total of all excluded students if that total is at least ten. If the calculation excluded fewer than a total of ten students the institution will state that it excluded students on the basis of each condition, and note that the number of total exclusions were fewer than 10 and therefore cannot be disclosed.

The U.S. Bureau of Labor Statistics publishes information regarding the Hairdressing and Cosmetology profession at: <http://www.bls.gov/ooh/personal-care-and-service/barbers-hairdressers-and-cosmetologists.htm>. The current median wages for this field is \$22,770 a year. The job outlook for the period 2012 thru 2022 is a 13% job growth, while the average for all occupations is 11%.

** N/A Fewer than 10 students complete the program within normal time.*

On-time completion is deemed by the U.S. Department of Education is the amount of time necessary for a student to complete all requirements for a degree or certificate according to the institution’s catalog within the normal completion time. When a student completes their graduation requirements, including all theory and practical assignments, and the required number of clock hours contracted outside of the normal time to complete the program, that student is considered to have graduated on-time. If a student delays their graduation for any reason—such as family responsibilities, day care issues, and other life events—and that causes them to graduate after their outside of the normal time to complete the program, they are not considered an on-time graduate. Please note that our graduation rates that are provided in the school catalog are based on how many students started the program and how many completed within the reporting period.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our Web site at: portland.paulmitchell.edu/programs.

STUDENT PROFESSIONAL DEVELOPMENT GUIDELINES

All students must commit to and follow the Student Professional Development Guidelines during their enrollment at Paul Mitchell The School Portland. These guidelines were established to assist in creating a safe, focused, and enjoyable learning experience.

Attendance and Documentation of Time

- 1 The school records attendance in clock hours and gives appropriate attendance credit for all hours attended. Each clock hour is measured as 60 minutes during which time the student is engaged in an activity directly related to their training. The school does not add or deduct attendance hours as a penalty. Attendance is calculated using a computerized time clock and does not round hours. To ensure proper credit for clock hours, full-time students are required to clock in/out 2 times a day: when they arrive at school and when they leave at the end of the day. If a student fails to clock in or out for their schedule on the student timeclock, the student will not receive hours. If the student wishes to dispute any hours they feel earned, the student must provide documentation to verify attendance on the missing time form. The documentation would include the student sign in sheet, the specialty class attendance role, and/or the guest service summary.
- 2 The school is open from 9:00 a.m. to 5:00 p.m. for full-time students. The school is closed Sundays and Mondays. The daily program schedule is as follows:

| | | |
|---------------------------|----------------------------|--------------------------------|
| Tuesday, Thursday, Friday | 9:00 – 10:00 a.m. | Theory/Adaptive & Creative |
| Tuesday, Thursday, Friday | 10:15 a.m. – 5:00 p.m. | Clinic Classroom Operations |
| Tuesday – Saturday | 9:00 a.m. – 5:00 p.m. | Core Classroom Curriculum |
| Wednesday | 9:00 a.m. – 12:00 p.m. | Guest Artist / Specialty Class |
| Saturday | Clinic Classroom – all day | Adaptive/Creative |

All students are scheduled to attend no less than 27.5 clock hours per week. Under statutory definition all enrolled students are full-time students. The following full-time schedules are available to students. They may select one schedule, depending on how quickly he or she would like to complete the program.

| | |
|--|---|
| 27.5 scheduled clock hours per week | Start at 9:00 a.m. depart at 3:00 p.m.; 30 min. lunch; Tuesday – Saturday |
| 32.5 scheduled clock hours per week | Start at 9:00 a.m. depart at 4:30 p.m.; 30 min. lunch; Tuesday – Saturday |
| 35 scheduled clock hours per week | Start at 9:00 a.m. depart at 4:00 p.m.; 30 min. lunch; Tuesday – Saturday |
| 37.5 scheduled clock hours per week | Start at 9:00 a.m. depart at 5:00 p.m.; 30 min. lunch; Tuesday – Saturday |

- 3 All courses require continuous attendance.
- 4 The prescribed attendance schedule must be maintained each week. Alternate schedules are available to those students who qualify.
- 5 Students must be on time, as tardiness inhibits the learning process. Students are never excused from mandatory theory class to work in the clinic.
- 6 During the enrollment contract period, Applicant must maintain a 90% attendance average each month in order to complete the program within the Scheduled program length. The Applicant may use the allowed 10% of his/her scheduled hours for vacation, doctor appointments, illness, etc. If the Applicant must attend additional Program hours beyond his/her maximum Scheduled Program

length due to attendance problems or to complete academic graduation requirements, the applicant will be charged an additional \$5.00 for each hour scheduled to complete after the Scheduled Program length is reached.

**Refer to the school enrollment contract for the Enrollment Contract Period definition.

Please note that if a student misses more than 14 consecutive calendar days, the student may be terminated from the program.

- 7 Students who are late or cannot attend school must contact the school and talk to the school service desk immediately. Day students must call in by 8:30 AM.
- 8 Students attend Core the first 6 weeks (210 clock hours) of enrollment. During this time the student must maintain a monthly attendance of 90%. If at the conclusion of the month, the student's progress report is not 90% attendance, the student may be dropped from the program and asked to re-enroll in the next class start date.
- 9 Students must request time off from school from the Education Leader.
- 10 Students are required to be in attendance a minimum of five (5) days a week; 37.5 hours per week; 35 hours per week; 32.5 hours per week; or 27.5 hours per week for a full-time schedule; Holidays such as Thanksgiving, Christmas, and New Year's Day will be set according to the calendar each year. Students cannot bank hours and attend over the contract hours of 37.5, 35, 32.5, or 27.5 hours per week to make up for missing hours.
- 11 Lunches and breaks are scheduled for all students. Students will take 30 minutes for lunch between 12:00 p.m. and 1:30 p.m., if possible, according to their booking. Students should communicate with their instructor if they have not had lunch by 1:30 p.m. The 30-minute student lunch period may not be credited towards or counted as accrued training hours. Students are not allowed to intentionally skip lunch in order to receive clock hours. Students are required to sign out at the beginning of their lunch period and sign in upon return. In addition to signing in and out you must also have an instructor book them out. This supports the Service Coordinator with assigning students accordingly to service clients. In the instance that a student fails to clock in or clock out for lunch, the time record must be annotated and signed by a staff member who can assert personal knowledge the student was on or off the clock during the specific time period.

Observe the appropriate breaks for your school schedule. Breaks are as follows:

| Student Schedule | Breaks | Lunch |
|-------------------|---|---------|
| 8 or 7 1/2 hr/day | 15 min. in the morning & 15 min. in the afternoon | 30 min. |
| 6 hr/day | 15 min. in the morning & 15 min. in afternoon | n/a |
| 5 hr/day | 15 min. at mid-point of schedule | n/a |
| 4 hr/day | 15 min. at mid-point of schedule | n/a |

- 12 Documentation of time: Students may not leave the school premises during regular hours without an instructor's permission.
 - a. Students who leave school premises for their 15 minute break must sign-out on the break sign-out sheet and have an instructor book them out.
 - b. Students who leave early must document their time by clocking out on the time clock, signing the sign-out sheet, and completing a missing time form.
- 13 Students may not clock in or out for another student.
- 14 Students must keep a record of all services each day on the "service tracking sheet," which must be completed daily and turned in every month.

Professional Image: A professional image is a requirement for successful participation in school. Students must maintain the following professional dress code:

- ① Students under 1000 hours must wear all black. Students that have clocked over 1000 hours may wear black and white in any combination.
- ② A lab coat, lab jacket or aprons must be worn at all times when a student is in the school. The lab coat or lab jackets must be of washable material and completely cover the armpits and chest. Lab aprons must be of washable material. If a student is wearing a lab apron, their armpits, shoulders, and waist area must be completely covered by a garment..
- ③ A minimal print in clothing is acceptable only if it is a black and white print.
- ④ Clothing must be professional, clean, and free of stains and tears.
- ⑤ Footwear, shoes and socks must be professional and designed to protect the student's feet. Lower black heels and non-skid soles are recommended. Footwear must be professional in appearance. PAUL MITCHELL THE SCHOOL POLICIES AND PROCEDURES FOR STUDENTS WITH DISABILITIES

- ❶ Accommodation Procedures for Students with Disabilities
- ❷ Grievance Procedures for Students who have Complaints on the Basis of Disability

❶ Accommodation Procedures for Students with Disabilities

Non-Discrimination Policy — It is the policy of Paul Mitchell The School to comply with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act which are Federal laws that prohibit discrimination on the basis of disability. Paul Mitchell The School does not discriminate on the basis of disability against a qualified person with a disability in regard to application, acceptance, grading, advancement, training, discipline, graduation, or any other aspect related to a student’s participation in a program of Paul Mitchell The School. This applies to all students and applicants for admission to The School. Paul Mitchell The School will provide reasonable accommodations to students with disabilities.

Definition of an Individual with a Disability — An *individual with a disability* is a person who has a physical or mental impairment which substantially limits one or more major life activities of the individual. These persons are protected by Section 504 of the Rehabilitation Act and the Americans with Disabilities Act (ADA). Individuals with a record of such an impairment and individuals who are regarded as having such an impairment are also protected by these Federal laws. The definition of “disability” in Section 504 and the ADA should be interpreted to allow for broad coverage.

The phrase *physical impairment* means a physiological disorder or condition, a cosmetic disfigurement, or an anatomical loss, that affects one or more of the following body systems: neurological; musculoskeletal; special sense organs (which would include speech organs that are not respiratory such as vocal cords, soft palate, tongue, etc.); respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine. Examples include, but are not limited to, orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, HIV disease (symptomatic or asymptomatic), tuberculosis, drug addiction, and alcoholism.

The phrase *mental impairment* means any mental or psychological disorder, including but not limited to, mental retardation, organic brain syndrome, emotional or mental illness, specific learning disabilities, post-traumatic stress disorder, depression and bipolar disorder. The phrase substantially limits must be interpreted without regard to the ameliorative effects of mitigating measures, other than ordinary eyeglasses or contact lenses. Mitigating measures are things like medications, prosthetic devices, assistive devices, or learned behavioral or adaptive neurological modifications that an individual may use to eliminate or reduce the effects of an impairment. These measures cannot be considered when determining whether a person has a substantially limiting impairment. An impairment that is episodic or in remission is a disability if, when in an active phase, it would substantially limit a major life activity. For example, a student with bipolar disorder would be covered if, during manic or depressive episodes, the student is substantially limited in a major life activity (e.g., thinking, concentrating, neurological function, or brain function).

The phrase *major life activities* means functions such as caring for one’s self, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and working. Major life activities also includes major bodily functions such as functions of the immune system, normal cell growth, and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

The School's Responsibilities to Students with Disabilities

The School must provide *academic adjustments*, *auxiliary aids* and *reasonable accommodations* to students with disabilities, that are necessary to ensure students are not denied the benefits of, or excluded from participation in, The School's program. The School must make modifications to its academic requirements that are necessary to ensure that the requirements do not discriminate against students with disabilities. The School must ensure that it provides physical access to students with disabilities. It is also the responsibility of Paul Mitchell The School to permit students with disabilities to use service dogs on each campus.

The person responsible for implementing these responsibilities at Paul Mitchell The School Portland Campus is: Marquita Goldsby; ADA Compliance Coordinator; 234 S.W. Broadway, Portland, OR 97205; (503) 222-7687; marquita@pmtsportland.com.

When a student informs a School staff member that the student is disabled, or needs accommodations or assistance due to disability, the staff member will refer the Student to The School's ADA Compliance Coordinator.

Procedures for Students and The School

Documentation of disability by students — Students with disabilities who wish to request reasonable accommodations (including academic adjustments, auxiliary aids, or modifications) must contact the ADA Compliance Coordinator named above for their campus. Students must provide documentation of disability from an appropriate professional, which depends on the nature of the disability. For example, a student with a psychological disability should provide documentation from a psychologist, psychiatrist or social worker. The documentation submitted must be within the last 12 months, if older than 12 months the student must provide current documentation from the appropriate professional.

This documentation may be the student's existing medical records, or reports created by the student's medical provider or an appropriate professional who conducts an assessment of the student. It may be documentation from the student's past educational records such as reports from teachers or school psychologists, or records that show the student's educational history, disability assessment, and the accommodations the student previously received. It may be records from the state department of rehabilitation or the U.S. Department of Veterans Affairs. Documentation should be current and relevant, but that does not mean that a recent report or record is needed in all cases. Some disabilities are stable lifelong conditions and historic documentation will be sufficient. Some disabilities are readily apparent and observable and thus little or no documentation will be needed.

The documentation of disability is kept at all times in a locked, private file at The School. To protect privacy, direct access to this documentation is by written consent only. The ADA Compliance Coordinator will determine what information needs to be shared with Paul Mitchell The School staff and Learning Leaders, on an "as needed basis," in order to facilitate academic accommodations or other services.

Student requests for accommodations and interactive discussion with ADA Compliance Coordinator

Students who plan to request accommodations should contact the ADA Compliance Coordinator promptly, so there is time for the Coordinator to review the student's documentation and discuss accommodations with the student before the student begins the class or program for which the accommodation is being requested. When a student contacts the Coordinator, the Coordinator will keep a record of the dates and contacts with the student, including a record of the accommodations requested by the student. Students who have questions about the type of documentation they need to provide should contact the Coordinator to discuss this.

The student and the ADA Compliance Coordinator will discuss how the student's impairment impacts the student, how the student expects the impairment to impact the student in The School's program, the types of accommodations the student has previously received (if any), and the accommodations being requested by the student from The School. The Coordinator and the student should discuss accommodations needed during all phases of the program (Core, Adaptive and Creative), and for classroom instruction, skills based instruction and skills practice.

The documentation (or observation) must show the nature of the student's disability and how it limits a major life activity. The accommodations requested by the student should be related to these limitations. There are no pre-set accommodations for specific disabilities. Instead, the Coordinator and the student must discuss and determine what the student's limitations are, and how they can be accommodated.

Here are some examples:

- A student with an orthopedic disability may need cushioned floor mats and scheduled times to sit down. These students may also need particular kinds of chairs.
- A student with a learning disability or attention deficit disorder may need extra time to take tests, such as ninety minutes to take a test instead of the sixty minutes allowed to other students. These students may need to take their tests in a location that is quiet and has no distractions, such as an office rather than the classroom.
- A student with a learning disability or psychological disability may need a note taker, a copy of the instructor's notes or presentation, or to use a tape recorder during instruction.
- A student with post-traumatic stress disorder or an anxiety disorder may need to take periodic leaves of absence, or may need to structure their program so that it is scheduled over a longer period of time than usual. These students may need to take breaks in a quiet room during skills practice.
- A student with a hearing impairment may need instructors to use voice amplification systems, or may need the School to provide a sign language interpreter.
- A student with diabetes may need periodic breaks to check his or her blood sugar level.

Decision about accommodations, and ensuring implementation of accommodations — The ADA Compliance Coordinator will decide the accommodations to be provided to the student. The Coordinator will consider any past accommodations that have been effective for the student, and will give primary consideration to the type of accommodation requested by the student. Alternate accommodations may be provided if there is an alternative accommodation that would be equally effective for the student.

The Coordinator will make a decision no later than two weeks after the student states the request for an accommodation. If the student does not submit documentation of a disability at the time the student requests an accommodation, the Coordinator will make a decision no later than two weeks after the student provides the documentation.

The Coordinator will list the approved accommodations in writing and provide this to the student. The Coordinator will inform the appropriate Learning Leaders and school staff of the accommodations they are responsible for providing to the student, how to provide the accommodations, and when to provide the accommodations. The Coordinator will keep a written record of these contacts about the student's accommodations. The Coordinator will verify that the accommodations are being implemented for the student through direct observation, report by the student, and/or documentation from The School staff. If the student informs the Coordinator that an accommodation is not being fully implemented, the Coordinator will immediately intervene with relevant staff members to ensure the accommodation is provided to the student.

After accommodations have been approved for a student, the Coordinator will make an appointment with the student for a time when the student's program is expected to change. The purpose of the appointment is to determine whether the student's accommodations should be changed when the student's program phase changes, or the type of instruction changes.

Additional factors — The School is not obligated to provide accommodations that would result in a fundamental alteration of The School's program. In this case, the Coordinator will promptly search for an equally effective alternate accommodation for the student that would not fundamentally alter the program. The Coordinator will offer the alternate accommodation to the student.

The School is not obligated to provide accommodations that would result in an undue financial or administrative burden on The School. If the Coordinator decides that a requested accommodation might impose such a burden, the Coordinator will discuss the issue with The School owner, who will take into account the overall financial resources of The School. The School owner will make the final decision, in accord with the requirements of Section 504 of the Rehabilitation Act and the Americans with Disabilities Act. If The School owner determines that the requested accommodation would be an undue burden, the Coordinator will promptly search for an equally effective alternate accommodation for the student and offer the alternate accommodation to the student.

Appeals by Students

A student may appeal any accommodation decision made by the ADA Compliance Coordinator if the student disagrees with the decision. Here are some examples: A student may appeal the Coordinator's decision to deny a requested accommodation. A student may appeal a decision by the Coordinator to provide an alternate accommodation rather than the specific accommodation requested by a student. A student may appeal a decision by the Coordinator that the student has not presented sufficient documentation to support the requested accommodation. A student may also file an appeal when a school staff member fails to provide an approved accommodation, and the Coordinator has not effectively addressed the situation.

When a student wishes to file an appeal, the student must notify Marquita Goldsby; Director; 234 S.W. Broadway, Portland, OR 97205; (503) 222-7687; marquita@pmtsportland.com. The student must explain his/her reasons for disagreeing with the Coordinator's decision, or explain how the student's accommodation is not being implemented, and submit any relevant documentation.

Within five calendar days of receiving a student's appeal the Director will meet with the student and the Coordinator to discuss the issues presented by the student's appeal. If appropriate, the Director will also discuss the issues with other School staff members.

When a student appeals a decision made by the Coordinator, the Director will determine whether the Coordinator's decision should be revised or remain the same. If the decision is revised, the Director will ensure that the revised decision is implemented.

When a student files an appeal on the basis that an approved accommodation is not being implemented, the Director will determine whether the accommodation is being fully implemented, and if it is not, ensure that the accommodation is implemented.

The Director will inform the student of the decision in writing no later than fourteen days after receiving the student's appeal.

Training and Mediation Responsibilities of the ADA Compliance Coordinator

The ADA Compliance Coordinator at each campus will deliver disability training sessions for all campus staff members at least once each calendar year. In these training sessions the Coordinator will explain the basic requirements of Section 504 of the Rehabilitation Act and the Americans with Disabilities Act as they apply to The School. The Coordinator will address: The School's responsibility to provide accommodations to students with disabilities; how to appropriately interact with students with particular kinds of disabilities; how to go about implementing accommodations that the Coordinator has approved for students; how to support students with disabilities in The School's programs; that students with disabilities cannot be penalized for using approved accommodations. The Coordinator will keep a record of each training session.

The Coordinator may also provide trainings for students who wish to learn about The School's process for providing accommodations, or about The School's grievance procedures.

To help ensure that future campus staff members and students are aware of The School's policies, the Coordinator will make sure that the Accommodations Procedures and the Grievance Procedures are continually posted at the campus.

The Coordinator will assist students with disabilities who have concerns about implementation of their accommodations or their treatment by The School staff members or other students. At the request of a student, the Coordinator will informally mediate or attempt to resolve issues related to the student's disability. If this informal process does not resolve the student's concerns, the student may file a grievance as described in Section II below.

② Grievance Procedures for Students who have Complaints on the Basis of Disability Policy

Paul Mitchell The School is responsible for providing a grievance procedure to students who feel they have been discriminated against on the basis of disability. The grievance procedure provides students the opportunity to file a complaint. The School then has the responsibility to objectively investigate the allegations in the complaint and determine whether the student has been discriminated against. If The School determines that discrimination occurred, The School must take appropriate steps to correct the discrimination and prevent it from reoccurring.

Grievance complaints — A student may file a grievance if the student feels he or she has been discriminated against because the student is disabled, or because the student is regarded as being disabled, or because the student has a record of being disabled. A student may also file a grievance if the student feels that he or she has been retaliated against for advocacy based on disability. Here are some examples of discrimination:

- An instructor or other students refer to the student in a derogatory way related to the student's disability.
- An instructor generally refers to students with particular types of disability in a derogatory way.
- Other students refuse to work with the student because the student is disabled.
- A School staff member refuses to provide a service to the student that the staff member provides to other students.
- A school staff member takes a negative action toward the student after the student asked for accommodations for a disability.
- A guest presenter at The School makes derogatory statements about students with disabilities, or states that students with disabilities can never be employed in the presenter's field.
- A student's request for accommodation was denied by The School, or an instructor did not implement an accommodation for the student that was approved by The School.

A student must file a grievance complaint within 90 days of the date the discriminatory act occurred, or within 90 days of the end of an informal attempt to resolve the complaint, whichever is later. The

complaint must be written. In the complaint, the student must describe what happened and the dates the acts took place, and state who was involved. The student should explain why the student believes the acts were taken based on disability. The student should describe or provide copies of any relevant documents or emails, if available.

A student may ask the Campus ADA Compliance Coordinator to try and informally resolve the student's complaint before the student files a written complaint. However, the student is not required to try informal resolution before filing a written complaint.

The complaint must be sent to Marquita Goldsby; Director; 234 S.W. Broadway, Portland, OR 97205; (503) 222-7687; marquita@pmtsportland.com.

Investigation of the Complaint — When the Director receives a written complaint, the Director will immediately begin an objective investigation. The School has the right to contract with an independent investigator to conduct any investigation. Within seven days, the Director will discuss the allegations in the complaint with the student, and obtain any needed additional information from the student. The Director will obtain from the student the names of any persons the student believes will have relevant information. The Director will gather all information necessary to determine what took place. To do so, the Director will interview any School staff members or students who engaged in the actions or may have witnessed the actions that the student is complaining about. The Director will interview persons that the student stated may have relevant information. The Director will gather any relevant documents such as emails, student work or instructor's records. During the investigation, the Director will disclose the complaint, and confidential information about the student, only to the extent necessary to investigate the allegations of the complaint.

After reviewing all the evidence gathered, the Director will determine whether the student was treated differently from other students based on disability; or whether the student was harassed based on disability; or whether the student was retaliated against because the student advocated on the basis of disability; or whether the student was denied an accommodation that The School should have provided to the student.

Written Decision — The Director will provide the student with a written decision no later than sixty days after the date the student filed the complaint. The decision will state the determination reached by the Director at the conclusion of the investigation, and the reasons the Director reached that determination. If the Director concludes that the student was discriminated against on the basis of disability, the decision will state the types of remedial action that The School has taken or will take to correct the discrimination. The decision will also state how The School will prevent the discriminatory acts from occurring again.

Appeals by Students — If the student who filed the complaint disagrees with the decision made by the Director, or disagrees with the remedial action specified, the student may appeal the decision to The School Owner. The appeal must be written and sent to Marquita Goldsby; Director; 234 S.W. Broadway, Portland, OR 97205; (503) 222-7687; marquita@pmtsportland.com. The appeal must state the specific reasons that the student disagrees with the decision. Appeals must be filed no later than thirty days after the student receives the written decision from the Director.

The Owner will review all the information provided by the student in the appeal, the decision by the Director, the interview records made by the Director and the documents gathered by the Director. The Owner will issue a written decision to the student within fourteen days after receiving the student's appeal. The Owner will determine whether the decision should be revised or remain the same. If the Owner determines that the decision should be revised, the Owner will ensure that any necessary changes in the remedies are implemented.

STUDENT CONSUMER INFORMATION

Provisions of the Higher Education Amendment of 1976 require that effective July 1, 1977, each post-secondary institution which receives Federal Financial Aid funds must make certain student consumer information available to any enrolled or prospective student who request such information.

This section compiled by the Financial Aid office staff attempts to meet the requirements.

The school is approved for and participates in Federal PELL Grants, Subsidized Direct loans, Unsubsidized Direct Loans, and Parent PLUS loans. Such programs help to defray the costs of attending school for those students eligible for financial aid consideration.

Financial aid is any mechanism that reduces out of pocket costs that the students and/or parents must pay to obtain a specific post-secondary education. Put differently, financial aid is monies made available to help students meet the cost of the program. Financial aid includes grants and need and non-need loans.

Need-based financial aid is available to families that demonstrate a financial need for additional resources. The formula below is used to determine how much financial need a student has:

$$\text{Cost of Attendance} - \text{Expected Family Contribution (EFC)} = \text{Financial Need}$$

Non-Need is the difference between the cost of education and Financial Need.

Based on these calculations Federal Aid may not cover all the cost of attendance.

All financial aid is awarded to students that qualify meeting the following criteria:

- 1 Citizen or permanent noncitizen alien recipient codes that are eligible are 1- 151, 1-55 1, and 1-94.
- 2 Criteria making a student Ineligible codes include F-1, F-2, J-1, and J-2, students that are in Federal Loan default, grant over payment, or male students that meet the Selective Service registration criteria, but are not registered.

It includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment is conduct that explicitly or implicitly affects a person's employment or education or interferes with a person's work or educational performance or creates an environment such that a reasonable person would find the conduct intimidating, hostile or offensive.

Sexual Violence is defined as physical sexual acts engaged in without the consent of the other person or when the other person is unable to consent to the activity. Sexual violence includes sexual assault, rape, battery, and sexual coercion; domestic violence; dating violence; and stalking.

Domestic Violence is defined as abuse committed against an adult or a minor who is a spouse or former spouse, cohabitant or former cohabitant, or someone with whom the abuser has a child, has an existing dating or engagement relationship, or has had a former dating or engagement relationship.

Dating Violence is defined as abuse committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

COPYRIGHT MATERIAL POLICY

All material in this program is, unless otherwise stated, the property of Paul Mitchell The School Portland. Reproduction or retransmission of the materials, in whole or in part, in any manner, without the prior written consent of the copyright holder, is a violation of copyright law.

At Paul Mitchell The School Portland we abide by the provisions of the federal Digital Millennium Copyright Act (DMCA), which requires prompt response to claims of copyright infringement by copyright holders or their agents. If the school receives an allegation of copyright infringement based on your use of the school's computers, the matter will be referred to the school director for further investigation. If you are found responsible after meeting with the school director, you are subject to disciplinary action including loss of network access, suspension or termination from school, and/or restitution or community service.

The Internet is an essential tool in everyone's lives for both academic and everyday pursuits. Along with these benefits come responsibilities. One of the most critical is conforming to the copyright laws governing music, movies, games, and software over the Internet. You must have the consent of the copyright holder to make copies.

The consequences of copyright infringement also extend outside of the school. Copyright holders may assess civil liability and even criminal prosecution. Recently, the Recording Industry Association of America (RIAA) has adopted the practice of sending schools pre-litigation settlement letters to be forwarded to individuals offering them "the opportunity to resolve copyright infringement claims against them at a discounted rate." Published reports indicate that the minimum settlement is \$3,000.00 per case.

Another reason to be careful with file-sharing programs is that the installation procedures for most of them enable default open access worldwide to information on your system; thus, the integrity of your computer and personal information can be compromised through illegal file sharing, including making you vulnerable to identity theft.

To facilitate student access to legal sources of music and video online, we have listed a couple of sites below:

- 1 **iTunes:** This Apple store works with both Windows and Mac operating systems. Currently, over 99% of their song catalog is "unlocked," meaning you can transfer the songs to any device or computer you own.
- 2 **eMusic.com:** This site features mostly independent and jazz/blues music. They offer low prices for signing up (up to 45 songs for free), and a good portion of their catalog can be purchased for about \$0.50 to \$0.89/song.
- 3 **Netflix.com:** For about \$7.99/month, you can set up an online list of over 20,000 movies that can be streamed directly to your computer.
